

# First Sentier Wholesale Conservative Fund

Formerly the Colonial First State Wholesale Conservative Fund

## Monthly Factsheet

31 July 2022

For Institutional use only

### Portfolio Description

The Fund is designed to provide exposure to a long-term strategic asset allocation strategy, blending a number of asset classes within the one portfolio.

### Investment Strategy

The fund's broad asset allocation is to be 30% invested in growth assets (shares and property securities) and 70% in defensive assets (fixed interest and cash). Allocations are reviewed regularly although a reallocation is only considered in response to a fundamental change in long-term expectations or market demand. The fund aims to add value through a disciplined approach to the selection of the investments held by the fund. Derivatives may be used for risk management. The fund may hedge some or all of its currency exposure.

### Investment Objective

To provide long-term capital preservation with an income focus. The fund aims to outperform the composite benchmark over rolling three-year periods before fees and taxes.
